

Kowloon City District Outstanding Student Election 2018-19

Two students, Lee Yuen Bing, Icy (3C) and Wong Kang Fai, Bill (5B) are keen participants of extra-curricular activities and voluntary work. They have endeavoured to enrich their school life and made tremendous effort to serve the community in the past years. In the Outstanding Student Election jointly organised by the Kowloon City District School Principals' Liaison Committee and the Home Affairs Department, Bill was elected as one of the ten Outstanding Students (Senior Section) while Icy obtained a Merit Award (Junior Section). The competition was keen – being elected has proven that Bill and Icy possess great potential!

In the awards ceremony, Bill Wong receives the certificate from the organiser and takes a photo with our principal, Ms Wan, and the teacher-in-charge (Extra-curricular Activities Mistress), Ms Sun.

Nurturing Leaders of Tomorrow: Youth Leadership Development Scheme

The team of eight (Xie Min, Ng Lok Lam, Cheng Tsz Ying, Wong Kang Fai, Lam Kit, Lee Pui Ling, Mak Hoi Ching and Li Wanshan) receiving the winner's trophy from the organiser.

The 18th Youth Leadership Development Scheme was organised by the Hong Kong Young Men's Christian Association (HKYMCA) and eight students participated in the scheme.

As aspiring leaders, these students took part in tough but rewarding training, which included a leadership workshop, a day camp, an overnight camp, a service project and a school project. In the project competition, they received the second place with their project, 'The Sex Workers'. Moreover, Xie Min was given the chance to go on a service trip to Sri Lanka. She will be able to experience the local culture and understand the needs of other countries.

We hope these young leaders will continue to strive for excellence in the future!

Emerging Business Leaders

A team of S5 students participated in The HKICPA Accounting and Business Management Case Competition 2018-19. They were required to submit a written proposal to analyze Hong Kong Television Network Limited's (HKTVM) business performance and to give recommendation on strategies to sustain the company's growth.

The team was selected as one of the best six to present their ideas. Demonstrating their analytical and problem-solving skills to the adjudicators, they received the 1st runner-up award. One member, Lai Wing Ki, was awarded the 'Best Presenter' by the adjudication panel. Congratulations!

This young and passionate team has got a real taste of being a business professional in the competition.

Future Biologists in the Making

On 17 November 2018, two S5 students participated in the Hong Kong Biology Literacy Award (2018/2019) jointly organised by the Hong Kong Association for Science and Mathematics Education (HKASME), Royal Society of Biology Hong Kong Branch, The Education University of Hong Kong, and The University of Hong Kong.

This competition included a one-hour test with 60 multiple-choice questions, which were evenly distributed in three areas: scientific inquiry; nature of science; and science, technology, social and environment connection.

With outstanding performance in the competition, Chum Bruce Y. C. (5A) won the First Class Honour, and Wong Kang Fai Bill (5B) obtained the Second Class Honour.

Bill and Bruce were well-prepared for this competition and their triumph is the testimony to their hard work!

Praiseworthy Performance in the Hong Kong Mathematical High Achievers Selection Contest

In the esteemed Hong Kong Mathematical High Achievers Selection Contest, four S3 students (Hon Kwun Hin, Choi Yat Long, Yau Ho Hin, Lei Wai Lun) received the Honourable Award.

This annual competition is organised by Po Leung Kuk and Hong Kong Association of Science and Mathematics Education. Participants are required to finish a set of paper within 2 hours. Aiming at the best results, our students prepared for a month for the competition with teachers' guidance. By attempting challenging exercises, they familiarised themselves with the question formats and eventually achieved excellent results. We are proud of these passionate and dedicated mathematicians!

The young and promising mathematicians proudly presenting their hard-won certificates.

Harmonies Ring Out at the A capella Contest

On 3rd November 2018, our school's A cappella Team participated in the Hong Kong International a cappella Contest (Secondary School Section) at the Sheung Wan Civic Center. Our team performed the song “我愛你” and won the Bronze Award. We were praised for our well-balanced and well-blended harmonies. By joining more external competitions, our students can gain more performing experience and continue to strive for music excellence

The a cappella team mesmerizes the judges with their soaring harmonies.

Decorating the City - Student Designs Award Winning Bunting

Our student Tang Ka Po (5C) was the champion of the “I Love You, Kowloon City District” bunting design competition 2018 jointly organized by Kowloon City District Council and Kowloon City Home Affairs Department.

Participants had to design two pieces of buntings to show their love towards Kowloon City District and promote the features of Kowloon City District. The winning entry would become lamppost buntings and be displayed on the main streets of Kowloon City District.

Tang Ka Po wins the award for her beautiful bunting design.

Tang Ka Po's bunting design hangs proudly near the Kowloon public library. Go check it out!

Our fencer, on the right, defends himself admirably during the group event.

The fencing team and their coach light up the court with their proud smiles.

Fencers Stay Fierce to Capture 3rd

Our school's fencing team achieved stellar results at the Inter-school Fencing Competition 2018-19!

The team worked really hard and had training regularly before the competition in order to equip themselves with better skills and also maintain great cooperation between teammates. As all the HPCCSS fencers were well prepared and ready for this big event, they won the third position in boys overall after keen and fierce fights. Congratulations to the fencing team!

Our swim team holds the trophy and banner that celebrate their talented win at the competition.

Swimming Team a Stroke Ahead of the Rest

On 3rd and 10th October 2018, our school's swimming team members participated in the Inter-school Swimming Competition 2018-19. They did their best and showed marvelous talent in swimming. With their aspiration and efforts, they finally captured the overall champion's medal for boys B grade, the overall first runner-up's medal for boys, and the overall third runner-up's medal for girls C grade. Congratulations to the swimming team!

Boys Kick Their Way to Victory

Withstanding four rounds of preliminary matches and three rounds of knockout, our boys B grade won the Second Runner-up title in the Inter-school Football Competition (Division 3). Throughout the series of competitions, they showcased their finesse, determination and sportsmanship. We would also like to express our gratitude to our coach Mr. Lee Shu Tim for his guidance and patience. Once again, congratulations to our boys!

The boys B grade team kicks their way to victory!

Success is Where Opportunity and Preparation Meet

The Careers and Guidance Team aims at preparing students well for their future studies and career development. On 23rd September 2018, a speaker from Hok Yau Club gave a talk on JUPAS application and strategies for choosing degree programmes for S6 students. In this educational talk, besides factual information, such as important dates for making applications, and strategies for selecting and prioritising JUPAS programmes, students were given advice on how to guarantee an entry ticket to their preferred universities.

Besides S6 students, parents who are interested in understanding the JUPAS application procedure have also been invited to the talk.

Obviously, this merry class is very satisfied with the profits they have earned!

'Little Bosses' Amassing a Wealth of Career Skills

Every March, our school's covered playground teems with enthusiastic students: some of them are, in fact, S5 students keen on earning their first bucket of gold in the Hoi Ping Little Boss programme, which aims at equipping students with business skills and marketing strategies. Each S5 class sets up a stall to sell their own products; in the process, our little bosses learn cooperation and practical problem-solving skills, which will be very helpful in their foreseeable future.

The programme was held on 13th and 14th March this year. Even though it only lasted for two days, it had been a very memorable experience for the young entrepreneurs.

Taster Classes at the School of Nursing, Hong Kong Sanatorium & Hospital

On 9th November 2018, our students visited the School of Nursing, Hong Kong Sanatorium & Hospital. On that day, they attended lessons with the nursing students, which included a lecture and a laboratory session to learn the guiding principles of executing health promotion projects, practical first-aid knowledge, and how to offer professional care for paralysis patients.

The visit introduced participants to common medical knowledge and let them interact with the nursing school students, which allowed them to gain new perspectives on career planning.

These attentive students take in the instructor's words very seriously as they are about to carry out their first task as nurse trainees!

In the trip, students are given the chance to see and experience the day-to-day operations of large technological companies.

Eye-opening Trip to the Technology Hub of China

On 18 April, S2 students visited Shenzhen, home to the headquarters of high-tech companies to learn about the most recent technological developments in China. They visited the Shenzhen Industrial Exhibition Hall, the Reform and Opening-Up Exhibition Hall, and the many innovative technology companies that are not usually open to the public. It was an invaluable opportunity for students to explore Chinese technological inventions and products, which have found their way to both corporations within China and the global market. Many students were in awe of the high-tech products they saw in the trip!

STEM Week Making Learning Fun

The IT & STEM Club organised the STEM Week, which lasted from 18th to 22nd March 2019. Many activities aiming at promoting STEM knowledge were available to students, including a 3D printing workshop, a Micro:Bit workshop and a STEM Quiz.

In the 3D printing workshop, students learnt how to use the online website Tinkercad to create and design their favourite 3D models as key holders. Then the club committee members helped the participants print their 3D models using the 3D printer. Another activity that attracted many participants was the Micro:Bit workshop, in which video game enthusiasts designed a simple shooting game using their knowledge of coding and engineering.

Participants are absorbed in their own designs, attempting to create their own beautiful 3D models with the aid of cutting-edge technology.

These New Chairpersons are Ready to Lead!

In this activity, students learn that with team spirit, they can turn the impossible into opportunities and success.

A leadership training camp was held on the first day of September, 2018 at the Jockey Club Sai Kung Outdoor Training Camp. All chairpersons of the 2018/19 school year were invited to join this camp. In groups, students were tasked with solving challenging problems and making important decisions independently. The tasks aimed at preparing them for their roles as school leaders. Even though the training was arduous, our students showed no fear and helped each other overcome the many obstacles that held their goals hostage. The camp only lasted for a day, but the training has certainly toughened up our student leaders!

Reflecting on the Past through Film

Twenty S5 students went to The Hong Kong Film Archive to appreciate the movie *Le voyage de Fanny*. The movie is based on a true story about how a 13-year-old Jewish girl struggles to reach the Swiss border to experience freedom. Students first visited an exhibition about the old Hong Kong films. Then they watched the movie and reflected on wars by engaging in discussion and learning more about the history of World War Two.

Students get ready to experience the inspiring story of a 13-year-old Jewish girl.

Learning more about Hong Kong films, these students pose in front of an exhibition.

Back to Nature – Boy Scouts Camp Under the Stars

On 15th December 2018, the Boy Scouts of our school went camping at Tai Tan Campsite in Sai Kung. This was a great opportunity for our Boy Scouts to practise the camping skills learned in their previous meetings. They set up their own tents and constructed flagpoles and camp tables with ropes and bamboo. With the help of the patrol leaders, our new members tried backwoods cooking for the first time. It was indeed a camp full of fun and laughter.

Feeling uplifted after enjoying the great camping.

A Workout for the Body and the Mind

The Growth Mindset Camp highlighted a great success in the collaboration of the Major Concern 1 and Major Concern 2 teams. The two Major Concern Teams jointly organized the Growth Mindset Camp during the summer holiday with the aim of enhancing students' perseverance and developing students' self-reflection skills. Through carrying out different group activities and engaging in reflective discussions with their peers and camp instructors, students explored their strengths and weaknesses and discussed strategies to utilize their strengths and overcome their weaknesses. Students also learnt the value and importance of adopting a positive mindset, which can help them appreciate life, improve their weaknesses and increase their resilience.

Collaborating is the key to success for our students during the Growth Mindset Camp.

喜愛閱讀 積累智慧

書展場內同學尋覓心儀書籍

一年一度中文周盛事 — 中文書展

本校中文科於2019年2月18至22日舉辦了中文書展。書展舉行前，本校各學科多位老師在早會作書籍分享，向同學推薦不同的課外書籍。除了早會分享外，也通過書影展板等多種方式向同學推介不同的書目，以提升同學的閱讀興趣。書展期間，同學踴躍購書，部分老師推介的書目早被搶購一空，有的同學更需向出版商提出預訂書籍的要求。除此以外，本校學生特為中文書展精心設計了藏書印，讓同學在購買的書籍上留下獨特的印記，增添閱讀的樂趣。

分享經驗 啓迪創作

中文周作家講座 — 王良和博士

書展期間，我們有幸邀請了香港著名作家、香港教育大學文學及文化學系副教授王良和博士，於2月21日為本校學生主持作家講座。王博士曾獲青年文學獎、中文文學創作獎、香港中文文學雙年獎等多個重要獎項，並著有散文集《秋水》、《山水之間》；詩集《柚燈》、《火中之磨》；小說集《魚咒》等，作品種類繁多。王博士學識淵博，才思過人，於寫作及傳授寫作經驗饒有心得。席間王博士向同學暢談自己年輕時的創作經驗，分享作品取材心得，使同學在寫作上獲益匪淺。在王博士生動有趣的講解下，講座氣氛相當熱烈，同學亦就寫作的疑難積極發問。面對同學的提問，王博士不吝賜教，將寫作心得傾囊相授。王博士的作品亦在是次書展中大受同學歡迎，同學更在講座後積極與王博士交談及索取簽名，以資記存。

講座期間師生均聽得津津有味

小書迷靜心等候偶像簽名
